MERE SAPNON NE BHARI UDAAN

My name is Suman and I belong to Delhi. I'm from an ordinary family whose monthly earnings are not much. I have always wanted to do a lot for my family and support them financially, but I knew that without learning a proper skill, it is really difficult to make a good living.

Then at a friends' recommendation, I looked up the multiple courses under PMKVY and decided to join the retail course. Getting skilled helped me get a job in a good retail showroom.

I would like to thank the PM for starting this scheme. Like me, even you have the opportunity to change your life by being a part of Skill India.
